(1) in subsection (a)(1), by striking “District of Columbia Financial Responsibility and Management Assistance Authority” and inserting “Mayor”; and

(2) in subsection (b)(1), by striking “Authority” and inserting “Mayor”.

SEC. 170. (a) FINDINGS.—The Congress finds the following:

(1) The District of Columbia has recently witnessed a spate of senseless killings of innocent citizens caught in the crossfire of shootings. A Justice Department crime victimization survey found that while the city saw a decline in the homicide rate between 1996 and 1997, the rate was the highest among a dozen cities and more than double the second highest city.

(2) The District of Columbia has not made adequate funding available to fight drug abuse in recent years, and the city has not deployed its resources as effectively as possible. In fiscal year 1998, \$20,900,000 was spent on publicly funded drug treatment in the District compared to \$29,000,000 in fiscal year 1993. The District’s Addiction and Prevention and Recovery Agency currently has only 2,200 treatment slots, a 50 percent drop from 1994, with more than 1,100 people on waiting lists.

(3) The District of Columbia has seen a rash of inmate escapes from halfway houses. According to Department of Corrections records, between October 21, 1998 and January 19, 1999, 376 of the 1,125 inmates assigned to halfway houses walked away. Nearly 280 of the 376 escapees were awaiting trial including two charged with murder.

(4) The District of Columbia public schools system faces serious challenges in correcting chronic problems, particularly long-standing deficiencies in providing special education services to the 1 in 10 District students needing program benefits, including backlogged assessments, and repeated failure to meet a compliance agreement on special education reached with the Department of Education.

(5) Deficiencies in the delivery of basic public services from cleaning streets to waiting time at Department of Motor Vehicles to a rat population estimated earlier this year to exceed the human population have generated considerable public frustration.

(6) Last year, the District of Columbia forfeited millions of dollars in Federal grants after Federal auditors determined that several agencies exceeded grant restrictions and in other instances, failed to spend funds before the grants expired.

(7) Findings of a 1999 report by the Annie E. Casey Foundation that measured the well-being of children reflected that, with one exception, the District ranked worst in the United States in every category from infant mortality to the rate of teenage births to statistics chronicling child poverty.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that in considering the District of Columbia's fiscal year 2001 budget, the Congress will take into consideration progress or lack of progress in addressing the following issues:

(1) Crime, including the homicide rate, implementation of community policing, the number of police officers on local beats, and the closing down of open-air drug markets.

(2) Access to drug abuse treatment, including the number of treatment slots, the number of people served, the number of people on waiting lists, and the effectiveness of treatment programs.

(3) Management of parolees and pretrial violent offenders, including the number of halfway house escapes and steps taken to improve monitoring and supervision of halfway house residents to reduce the number of escapes.

(4) Education, including access to special education services and student achievement.

(5) Improvement in basic city services, including rat control and abatement.

(6) Application for and management of Federal grants.

(7) Indicators of child well-being.

SEC. 171. (2) submit to Congress a report on the results of the study under paragraph (1).

(3) has provided to the Secretary an initial plan of fiscal and managerial reform as described in subsection (d) designed to bring the ASG's annual operating expenses into balance with projected revenues for the years 2003 and beyond, and identifying the manner in which approximately \$4,300,000 of the loan proceeds will be utilized to facilitate implementation of the plan.

(c) PROCEDURE AND PRIORITIES FOR DEBT PAYMENTS.—

(1) In structuring the agreement or memorandum of understanding identified in subsection (b)(2), the ASG and the Secretary shall include provisions, which create priorities for the payment of creditors in the following order—

(A) debts incurred for services, supplies, facilities, equipment and materials directly connected with the provision of health, safety and welfare functions for the benefit of the general population of American Samoa (including, but not limited to, health care, fire and police protection, educational programs grades K-12, and utility services for facilities belonging to or utilized by ASG and its agencies), wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 75 percent of the amount owed, shall be given the highest priority for payment from the loan proceeds under this section;

(B) debts not exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 70 percent of the amount owed, shall be given the second highest priority for payment from the loan proceeds under this section;

(C) debts exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 65 percent of the amount owed, shall be given the third highest priority for payment from the loan proceeds under this section;

(2) The agreement described in subsection (b)(2) shall also generally provide a framework whereby the Governor of American Samoa shall, from time-to-time, be required to give 10 business days notice to the Secretary that ASG will make payment in accordance with this section to specified creditors and the amount which will be paid to each of such creditors.

Upon issuance of payments in accordance with the notice, the Governor shall immediately confirm such payments to the Secretary, and the Secretary shall within three business days following receipt of such confirmation transfer from the loan proceeds an amount sufficient to reimburse ASG for the payments made to creditors.

(3) The agreement may contain such other provisions as are mutually agreeable, and which are calculated to simplify and expedite the payment of existing debt under this section and ensure the greatest level of compromise and settlement with creditors in order to maximize the retirement of ASG debt.

(d) FISCAL AND MANAGERIAL REFORM PROGRAM.—

(1) The initial plan of fiscal and managerial reform, designed to bring ASG's annual operating expenses into balance with projected revenues for the years 2003 and beyond as required under subsection (b)(3), should identify specific measures which will be implemented by ASG to accomplish such goal, the anticipated reduction in government operating expense which will be achieved by each measure, and should include a timetable for attainment of each reform measure identified therein.

(2) The initial plan should also identify with specificity the manner in which approximately \$4,300,000 of the loan proceeds will be utilized to assist in meeting the reform plan's targets within the timetable specified through the use of incentives for early retirement, severance pay packages, outsourcing services, or any other expenditures for program elements reasonably calculated to result in reduced future operating expenses for ASG on a long term basis.

(3) Upon receipt of the initial plan, the Secretary shall consult with the Governor of American Samoa, and shall make any recommendations deemed reasonable and prudent to ensure the goals of reform are achieved. The reform plan shall contain objective criteria that can be documented by a competent third party, mutually agreeable to the Governor and the Secretary. The plan shall include specific targets for reducing the amounts of ASG local revenues expended on government payroll and overhead (including contracts for consulting services), and may include provisions which allow modest increases in support of the LBJ Hospital Authority reasonably calculated to assist the Authority implement reforms which will lead to an independent audit indicating annual expenditures at or below annual Authority receipts.

(4) The Secretary shall enter into an agreement with the Governor similar to that specified in subsection (c)(2) of this section, enabling ASG to make payments as contemplated in the reform plan and then to receive reimbursement from the Secretary out of the portion of loan proceeds allocated for the implementation of fiscal reforms.

(5) Within 60 days following receipt of the initial plan, the Secretary shall approve an interim final plan reasonably calculated to make substantial progress toward overall reform. The Secretary shall provide copies of the plan, and any subsequent modifications, to the House Committee on Resources, the House Committee on Appropriations Subcommittee on the Department of the Interior and Related Agencies, the Senate

Committee on Energy and Natural Resources, and the Senate Committee on Appropriations Subcommittee on the Department of the Interior and Related Agencies.

(2) upon compliance by ASG with paragraphs (b)(1) and (b)(3) of this section and in accordance with subsection (d), approximately \$4,300,000 in reimbursements as requested from time-to-time by the Governor for payments associated with implementation of the interim final reform plan; and

(3) notwithstanding paragraphs (1) and (2) of this subsection, at any time the Secretary and the Governor mutually determine that the amount necessary to fund payments under paragraph (2) will total less than \$4,300,000 then the Secretary may approve the amount of any unused portion of such sum for additional payments against ASG debt under paragraph (1).

(f) EXCEPTION.— Proceeds from the loan under this section shall be used solely for the purposes of debt payments and reform plan implementation as specified herein, except that the Secretary may provide an amount equal to not more than 2 percent of the total loan proceeds for the purpose of retaining the services of an individual or business entity to provide direct assistance and management expertise in carrying out the purposes of this section. Such individual or business entity shall be mutually agreeable to the Governor and the Secretary, may not be a current or former employee of, or contractor for, and may not be a creditor of ASG. Notwithstanding the preceding two sentences, the Governor and the Secretary may agree to also retain the services of any semi-autonomous agency of ASG which has established a record of sound management and fiscal responsibility, as evidenced by audited financial reports for at least three of the past 5 years, to coordinate with and assist any individual or entity retained under this subsection.

(g) CONSTRUCTION.—The provisions of this section are expressly applicable only to the utilization of proceeds from the loan described in this section, and nothing herein shall be construed to relieve ASG from any lawful debt or obligation except to the extent a creditor shall voluntarily enter into an arms length agreement to compromise and settle outstanding amounts under subsection (c).

On such date, any unused loan proceeds totaling \$1,000,000 or less shall be transferred by the Secretary directly to ASG. If the amount of unused

loan proceeds exceeds \$1,000,000, then such amount shall be credited to the total of loan repayments specified in paragraph (b)(1). With approval of the Secretary, ASG may designate additional payments from time-to-time from funds available from any source, without regard to the original purpose of such funds.

(b) DEPOSIT OF FEES.—Subject to subsections (a) and (f), during fiscal years 2000 through 2004, the Secretary of Agriculture shall deposit into a special account established in the Treasury all fees collected by the Secretary to recover the costs of processing applications for, and monitoring compliance with, authorizations to use and occupy National Forest System lands pursuant to section 28(l) of the Mineral Leasing Act (30 U.S.C. 185(l)), section 504(g) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1764(g)), section 9701 of title 31, United States Code, and section 110(g) of the National Historic Preservation Act (16 U.S.C. 470h–2(g)).

SEC. 332. HARDWOOD TECHNOLOGY TRANSFER AND APPLIED RESEARCH. (a) The Secretary of Agriculture (hereinafter the “Secretary”) is hereby and hereafter authorized to conduct technology transfer and development, training, dissemination of information and applied research in the management, processing and utilization of the hardwood forest resource. This authority is in addition to any other authorities which may be available to the Secretary including, but not limited to, the Cooperative Forestry Assistance Act of 1978, as amended (16 U.S.C. 2101 et seq.), and the Forest and Rangeland Renewable Resources Act of 1978, as amended (16 U.S.C. 1600-1614).

(b) In carrying out this authority, the Secretary may enter into grants, contracts, and cooperative agreements with public and private agencies, organizations, corporations, institutions and individuals. The Secretary may accept gifts and donations pursuant to the Act of October 10, 1978 (7 U.S.C. 2269) including gifts and donations from a donor that conducts business with any agency of the Department of Agriculture or is regulated by the Secretary of Agriculture.

(c) The Secretary is hereby and hereafter authorized to operate and utilize the assets of the Wood Education and Resource Center (previously named the Robert C. Byrd Hardwood Technology Center in West Virginia) as part of a newly formed “Institute of Hardwood Technology Transfer and Applied Research” (hereinafter the “Institute”). The Institute, in addition to the Wood Education and Resource Center, will consist of a Director, technology transfer specialists from State and Private Forestry, the Forestry Sciences Laboratory in Princeton, West Virginia, and any other organizational unit of the Department of Agriculture as the Secretary deems appropriate. The overall management of the Institute will be the responsibility of the Forest Service, State and Private Forestry.

(d) The Secretary is hereby and hereafter authorized to generate revenue using the authorities provided herein. Any revenue received as part of the operation of the Institute shall be deposited into a special fund in the Treasury of the United States, known as the “Hardwood Technology Transfer and Applied Research Fund”, which shall be available to the Secretary until expended, without further appropriation, in furtherance of the purposes of this section, including upkeep, management, and operation of the Institute and the payment of salaries and expenses.

SEC. 333. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar: *Provided*, That sales which are deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar may be advertised upon receipt

of a written request by a prospective, informed bidder, who has the opportunity to review the Forest Service's cruise and harvest cost estimate for that timber. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2000, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, all of the western red cedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2000, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, the volume of western red cedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

or for each of the Resource Advisory Council or Provincial Advisory Council units that fall within the Basin area;

(2) distribute the report and make such report available for public comment for a minimum of 120 days; and

(3) include detailed responses to the public comment in any final environmental impact statement associated with the Interior Columbia Basin Ecosystem Management Project.

SEC. 337. (a) MILLSITES OPINION.—No funds shall be expended by the Department of the Interior or the Department of Agriculture, for fiscal years 2000 and 2001, to limit the number or acreage of millsites based on the ratio between the number or acreage of millsites and the number or acreage of associated lode or placer claims with respect to any patent application grandfathered pursuant to section 113 of the Department of the Interior and Related Agencies, Appropriations Act, 1995; any operation for which a plan of operations has been previously approved; or any operation for which a plan of operations has been submitted to the Bureau of Land Management or Forest Service prior to November 7, 1997.

SEC. 338. The Forest Service, in consultation with the Department of Labor, shall review Forest Service campground concessions policy to determine if modifications can be made to Forest Service contracts for campgrounds so that such concessions fall within the regulatory exemption of 29 CFR 4.122(b). The Forest Service shall offer in fiscal year 2000 such concession prospectuses under the regulatory exemption, except that, any prospectus that does not meet the requirements of the regulatory exemption shall be offered as a service contract in accordance with the requirements of 41 U.S.C. 351–358.

The term does not include trees, except as provided in regulations issued under this section by the Secretary of Agriculture.

(b) RECOVERY OF FAIR MARKET VALUE FOR PRODUCTS.—The Secretary of Agriculture shall develop and implement a pilot program to charge and collect not less than the fair market value for forest botanical products harvested on National Forest System lands. The Secretary shall establish appraisal methods and bidding

procedures to ensure that the amounts collected for forest botanical products are not less than fair market value.

(c) FEES.—

(1) IMPOSITION AND COLLECTION.—Under the pilot program, the Secretary of Agriculture shall also charge and collect fees from persons who harvest forest botanical products on National Forest System lands to recover all costs to the Department of Agriculture associated with the granting, modifying, or monitoring the authorization for harvest of the forest botanical products, including the costs of any environmental or other analysis.

(2) SECURITY.—The Secretary may require a person assessed a fee under this subsection to provide security to ensure that the Secretary receives the fees imposed under this subsection from the person.

(d) SUSTAINABLE HARVEST LEVELS FOR FOREST BOTANICAL PRODUCTS.—The Secretary of Agriculture shall conduct appropriate analyses to determine whether and how the harvest of forest botanical products on National Forest System lands can be conducted on a sustainable basis. The Secretary may not permit under the pilot program the harvest of forest botanical products at levels in excess of sustainable harvest levels, as defined pursuant to the Multiple-Use Sustained-Yield Act of 1960 (16 U.S.C. 528 et seq.). The Secretary shall establish procedures and timeframes to monitor and revise the harvest levels established for forest botanical products.

(3) AUTHORIZED USES.—The funds made available under paragraph (2) shall be expended at units of the National Forest System in proportion to the charges and fees collected at that unit under the pilot program to pay for—

(A) in the case of funds collected under subsection (b), the costs of conducting inventories of forest botanical products, determining sustainable levels of harvest, monitoring and assessing the impacts of harvest levels and methods, and for restoration activities, including any necessary vegetation; and

(1) the country, as of December 31, 2000, is eligible to borrow from the International Development Association;

“(II) not more than 20 percent of such capitation rate in 2002.”.

(b) MEDPAC STUDY AND REPORT.—

(1) STUDY.—The Medicare Payment Advisory Commission shall conduct a study that evaluates the methodology used by the Secretary of Health and Human Services in developing the risk factors used in adjusting the Medicare+Choice capitation rate paid to Medicare+Choice organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w-23) and includes the issues described in paragraph (2).

(2) ISSUES TO BE STUDIED.—The issues described in this paragraph are the following:

(A) The ability of the average risk adjustment factor applied to a Medicare+Choice plan to explain variations in plans’ average per capita medicare costs, as reported by Medicare+Choice plans in the plans’ adjusted community rate filings.

(B) The year-to-year stability of the risk factors applied to each Medicare+Choice plan and the potential for

substantial changes in payment for small Medicare+Choice plans.

(C) For medicare beneficiaries newly enrolled in Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from medicare fee-for-service data for those individuals from the period prior to their enrollment in a Medicare+Choice plan and the average risk factor calculated for such individuals during their initial year of enrollment in a Medicare+Choice plan.

(D) For medicare beneficiaries disenrolling from or switching among Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from data pertaining to the period prior to their disenrollment from a Medicare+Choice plan and the average risk factor calculated from data pertaining to the period after disenrollment.

The Secretary shall consult with representatives of Medicare+Choice organizations in conducting the study. The study shall address the following issues:

(A) Limiting the number and types of sites of services (that are in addition to inpatient sites) for which encounter data must be reported.

(B) Establishing alternative risk adjustment methods that would require submission of less data.

(C) The potential for Medicare+Choice organizations to misreport, overreport, or underreport prevalence of diagnoses in outpatient sites of care, the potential for increases in payments to Medicare+Choice organizations from changes in Medicare+Choice plan coding practices (commonly known as “coding creep”) and proposed methods for detecting and adjusting for such variations in diagnosis coding as part of the risk adjustment methodology using encounter data from multiple sites of care.

(D) The impact of such requirements on the willingness of insurers to offer Medicare+Choice MSA plans and options for modifying encounter data reporting requirements to accommodate such plans.

(E) Differences in the ability of Medicare+Choice organizations to report encounter data, and the potential for adverse competitive impacts on group and staff model health maintenance organizations or other integrated providers of care based on data reporting capabilities.

(2) REPORT.—Not later than January 1, 2001, the Secretary shall submit a report to Congress on the study conducted under this subsection, together with any recommendations for legislation that the Secretary determines to be appropriate as a result of such study.

## **TITLE VI—EMBASSY SECURITY AND COUNTERTERRORISM MEASURES**

**SEC. 601. SHORT TITLE.**

This title may be cited as the “Secure Embassy Construction and Counterterrorism Act of 1999”.

**SEC. 602. FINDINGS.**

Congress makes the following findings:

(1) On August 7, 1998, the United States embassies in Nairobi, Kenya, and in Dar es Salaam, Tanzania, were

destroyed by simultaneously exploding bombs. The resulting explosions killed 220 persons and injured more than 4,000 others. Twelve Americans and 40 Kenyan and Tanzanian employees of the United States Foreign Service were killed in the attack.

(2) The United States personnel in both Dar es Salaam and Nairobi showed leadership and personal courage in their response to the attacks. Despite the havoc wreaked upon the embassies, staff in both embassies provided rapid response in locating and rescuing victims, providing emergency assistance, and quickly restoring embassy operations during a crisis.

(3) The bombs are believed to have been set by individuals associated with Osama bin Laden, leader of a known transnational terrorist organization. In February 1998, bin Laden issued a directive to his followers that called for attacks against United States interests anywhere in the world.

(4) Threats continue to be made against United States diplomatic facilities.

(5) Accountability Review Boards were convened following the bombings, as required by Public Law 99-399, chaired by Admiral William J. Crowe, United States Navy (Ret.) (in this section referred to as the “Crowe panels”).

(6) The conclusions of the Crowe panels were strikingly similar to those stated by the Commission chaired by Admiral Bobby Ray Inman, which issued an extensive embassy security report in 1985.

(7) The Crowe panels issued a report setting out many problems with security at United States diplomatic facilities, in particular the following:

(A) The United States Government has devoted inadequate resources to security against terrorist attacks.

(B) The United States Government places too low a priority on security concerns.

(8) The result has been a failure to take adequate steps to prevent tragedies such as the bombings in Kenya and Tanzania.

(9) The Crowe panels found that there was an institutional failure on the part of the Department of State to recognize threats posed by transnational terrorism and vehicular bombs.

(10) Responsibility for ensuring adequate resources for security programs is widely shared throughout the United States Government, including Congress. Unless the vulnerabilities identified by the Crowe panels are addressed in a sustained and financially realistic manner, the lives and safety of United States employees in diplomatic facilities will continue to be at risk from further terrorist attacks.

(11) Although service in the Foreign Service or other United States Government positions abroad can never be completely without risk, the United States Government must take all reasonable steps to minimize security risks.

**SEC. 603. UNITED STATES DIPLOMATIC FACILITY DEFINED.**

In this title, the terms ‘United States diplomatic facility’ and ‘diplomatic facility’ mean any chancery, consulate, or other office notified to the host government as diplomatic or consular premises in accordance with the Vienna Conventions on Diplomatic and Consular Relations, or otherwise subject to a publicly available

bilateral agreement with the host government (contained in the records of the United States Department of State) that recognizes the official status of the United States Government personnel present at the facility.

The report shall list such facilities in groups of 20. The groups shall be ranked in order from most vulnerable to least vulnerable to such an attack.

**SEC. 871. FINDINGS.**

Congress makes the following findings:

(1) Congress concurs in the conclusions of the Department of State, as set forth in the Country Reports on Human Rights Practices for 1998, on human rights in the People’s Republic of China in 1998 as follows:

(A) “The People’s Republic of China (PRC) is an authoritarian state in which the Chinese Communist Party (CCP) is the paramount source of power. . . . Citizens lack both the freedom peacefully to express opposition to the party-led political system and the right to change their national leaders or form of government.”

(B) “The Government continued to commit widespread and well-documented human rights abuses, in violation of internationally accepted norms. These abuses stemmed from the authorities’ very limited tolerance of public dissent aimed at the Government, fear of unrest, and the limited scope or inadequate implementation of laws protecting basic freedoms.”

(C) “Abuses included instances of extrajudicial killings, torture and mistreatment of prisoners, forced confessions, arbitrary arrest and detention, lengthy incommunicado detention, and denial of due process.”

(D) “Prison conditions at most facilities remained harsh. . . . The Government infringed on citizens’ privacy rights. The Government continued restrictions on freedom of speech and of the press, and tightened these toward the end of the year. The Government severely restricted freedom of assembly, and continued to restrict freedom of association, religion, and movement.”

(E) “Discrimination against women, minorities, and the disabled; violence against women, including coercive family planning practices—which sometimes include forced abortion and forced sterilization; prostitution, trafficking in women and children, and the abuse of children all are problems.”

(F) “The Government continued to restrict tightly worker rights, and forced labor remains a problem.”

(G) “Serious human rights abuses persisted in minority areas, including Tibet and Xinjiang, where restrictions on religion and other fundamental freedoms intensified.”

(H) “Unapproved religious groups, including Protestant and Catholic groups, continued to experience varying degrees of official interference and repression.”

(I) “Although the Government denies that it holds political or religious prisoners, and argues that all those in prison are legitimately serving sentences for crimes under the law, an unknown number of persons, estimated at several thousand, are detained in violation of international human rights instruments for peacefully expressing their political, religious, or social views.”

(2) In addition to the State Department, credible press reports and human rights organizations have documented an intense crackdown on political activists by the Government of the People’s Republic of China, involving the harassment, detainment, arrest, and imprisonment of dozens of activists.

(3) The People’s Republic of China, as a member of the United Nations, is expected to abide by the provisions of the Universal Declaration of Human Rights.

(4) The People’s Republic of China is a party to numerous international human rights conventions, including the Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, and is a signatory to the International Covenant on Civil and Political Rights and the Covenant on Economic, Social, and Cultural Rights.

**CHAPTER 2—MATTERS RELATING TO THE CONTROL OF  
BIOLOGICAL WEAPONS**

**SEC. 1121. SHORT TITLE.**

This chapter may be cited as the “National Security and Corporate Fairness under the Biological Weapons Convention Act”.

**SEC. 1122. DEFINITIONS.**

In this chapter:

(1) **BIOLOGICAL WEAPONS CONVENTION.**—The term “Biological Weapons Convention” means the 1972 Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on their Destruction.

(2) **COMPLIANCE PROTOCOL.**—The term “compliance protocol” means that segment of a bilateral or multilateral agreement that enables investigation of questions of compliance entailing written data or visits to facilities to monitor compliance.

(3) **INDUSTRY.**—The term “industry” means any corporate or private sector entity engaged in the research, development, production, import, and export of peaceful pharmaceuticals and bio-technological and related products.

**SEC. 1123. FINDINGS.**

Congress makes the following findings:

(1) The threat of biological weapons and their proliferation is one of the greatest national security threats facing the United States.

(2) The threat of biological weapons and materials represents a serious and increasing danger to people around the world.

(3) Biological weapons are relatively inexpensive to produce, can be made with readily available expertise and equipment, do not require much space to make and can therefore be readily concealed, do not require unusual raw materials or materials not readily available for legitimate purposes, do not require the maintenance of stockpiles, or can be delivered with low-technology mechanisms, and can effect widespread casualties even in small quantities.

(4) Unlike other weapons of mass destruction, biological materials capable of use as weapons can occur naturally in the environment and are also used for medicinal or other beneficial purposes.

(5) Biological weapons are morally reprehensible, prompting the United States Government to halt its offensive biological weapons program in 1969, subsequently destroy its entire biological weapons arsenal, and maintain henceforth only a robust defensive capacity.

(6) The Senate gave its advice and consent to ratification of the Biological Weapons Convention in 1974.

(7) The Director of the Arms Control and Disarmament Agency explained, at the time of the Senate’s consideration of the Biological Weapons Convention, that the treaty contained no verification provisions because verification would be “difficult”.

(8) A compliance protocol has now been proposed to strengthen the 1972 Biological Weapons Convention.

(9) The resources needed to produce, stockpile, and store biological weapons are the same as those used in peaceful industry facilities to discover, develop, and produce medicines.

(10) The raw materials of biological agents are difficult to use as an indicator of an offensive military program because the same materials occur in nature or can be used to produce a wide variety of products.

(11) Some biological products are genetically manipulated to develop new commercial products, optimizing production and ensuring the integrity of the product, making it difficult to distinguish between legitimate commercial activities and offensive military activities.

(12) Only a small culture of a biological agent and some growth medium are needed to produce a large amount of biological agents with the potential for offensive purposes.

(13) The United States pharmaceutical and biotechnology industries are a national asset and resource that contribute to the health and well-being of the American public as well as citizens around the world.

(14) One bacterium strain can represent a large proportion of a company's investment in a pharmaceutical product and thus its potential loss during an arms control monitoring activity could conceivably be worth billions of dollars.

(15) Biological products contain proprietary genetic information.

(16) The proposed compliance regime for the Biological Weapons Convention entails new data reporting and investigation requirements for industry.

(17) A compliance regime which contributes to the control of biological weapons and materials must have a reasonable chance of success in reducing the risk of production, stockpiling, or use of biological weapons while protecting the reputations, intellectual property, and confidential business information of legitimate companies.

#### **SEC. 1124. TRIAL INVESTIGATIONS AND TRIAL VISITS.**

(a) NATIONAL SECURITY TRIAL INVESTIGATIONS AND TRIAL VISITS.—The President shall conduct a series of national security trial investigations and trial visits, both during and following negotiations to develop a compliance protocol to the Biological Weapons Convention, with the objective of ensuring that the compliance procedures of the protocol are effective and adequately protect the national security of the United States. These trial investigations and trial visits shall be conducted at such sites as United States Government facilities, installations, and national laboratories.

(b) UNITED STATES INDUSTRY TRIAL INVESTIGATIONS AND TRIAL VISITS.—The President shall take all appropriate steps to conduct or sponsor a series of United States industry trial investigations and trial visits, both during and following negotiations to develop a compliance protocol to the Biological Weapons Convention, with the objective of ensuring that the compliance procedures of the protocol are effective and adequately protect the national security and the concerns of affected United States industries and research institutions. These trial investigations and trial visits shall be conducted at such sites as academic institutions, vaccine production

facilities, and pharmaceutical and biotechnology firms in the United States.

(c) PARTICIPATION BY DEFENSE DEPARTMENT AND OTHER APPROPRIATE PERSONNEL.—The Secretary of Defense and, as appropriate, the Director of the Federal Bureau of Investigation shall make available specialized personnel to participate—

(1) in each trial investigation or trial visit conducted pursuant to subsection (a); and

(2) in each trial investigation or trial visit conducted pursuant to subsection (b), except for any investigation or visit in which the host facility requests that such personnel not participate,

for the purpose of assessing the information security implications of such investigation or visit. The Secretary of Defense, in coordination with the Director of the Federal Bureau of Investigation, shall add to the report required by subsection (d)(2) a classified annex containing an assessment of the risk to proprietary and classified information posed by any investigation or visit procedures in the compliance protocol.

(d) STUDY.—

(1) IN GENERAL.—The President shall conduct a study on the need for investigations and visits under the compliance protocol to the Biological Weapons Convention, including—

(A) an assessment of risks to national security and United States industry and research institutions of such on-site activities; and

(B) an assessment of the monitoring results that can be expected from such investigations and visits.

(2) REPORT.—Not later than the date on which a compliance protocol to the Biological Weapons Convention is submitted to the Senate for its advice and consent to ratification, the President shall submit to the Committee on Foreign Relations of the Senate a report, in both unclassified and classified form, setting forth—

(A) the findings of the study conducted pursuant to paragraph (1); and

(B) the results of trial investigations and trial visits conducted pursuant to subsections (a) and (b).

(1) arrangements for the establishment of that facility will further United States nuclear nonproliferation objectives and will outweigh the proliferation risks inherent in the use of mixed oxide fuel elements;

(2) a guaranty has been given by Russia that no fuel elements produced, fabricated, reprocessed, or assembled at such facility, and no sensitive nuclear technology related to such facility, will be exported or supplied by Russia to any country in the event that the United States objects to such export or supply; and

(3) a guaranty has been given by Russia that the facility and all nuclear materials and equipment therein, and any fuel elements or special nuclear material produced, fabricated,

reprocessed, or assembled at that facility, including fuel elements exported or supplied by Russia to a third party, will be subject to international monitoring and transparency sufficient to ensure that special nuclear material is not diverted.

(c) DEFINITIONS.—

### **SEC. 1241. SHORT TITLE.**

This subtitle may be cited as the “Defense Offsets Disclosure Act of 1999”.

### **SEC. 1242. FINDINGS AND DECLARATION OF POLICY.**

(a) FINDINGS.—Congress makes the following findings:

(1) A fair business environment is necessary to advance international trade, economic stability, and development worldwide, is beneficial for American workers and businesses, and is in the United States national interest.

(2) In some cases, mandated offset requirements can cause economic distortions in international defense trade and undermine fairness and competitiveness, and may cause particular harm to small- and medium-sized businesses.

(3) The use of offsets may lead to increasing dependence on foreign suppliers for the production of United States weapons systems.

(4) The offset demands required by some purchasing countries, including some close allies of the United States, equal or exceed the value of the base contract they are intended to offset, mitigating much of the potential economic benefit of the exports.

(5) Offset demands often unduly distort the prices of defense contracts.

(6) In some cases, United States contractors are required to provide indirect offsets which can negatively impact non-defense industrial sectors.

(7) Unilateral efforts by the United States to prohibit offsets may be impractical in the current era of globalization and would severely hinder the competitiveness of the United States defense industry in the global market.

(8) The development of global standards to manage and restrict demands for offsets would enhance United States efforts to mitigate the negative impact of offsets.

(b) **DECLARATION OF POLICY.**—It is the policy of the United States to monitor the use of offsets in international defense trade, to promote fairness in such trade, and to ensure that foreign participation in the production of United States weapons systems does not harm the economy of the United States.

**APPENDIX H—H.R. 3428****SECTION 1. USE OF OPTION 1A AS PRICE STRUCTURE FOR CLASS I MILK UNDER CONSOLIDATED FEDERAL MILK MARKETING ORDERS.**

(a) **FINAL RULE DEFINED.**—In this section, the term “final rule” means the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897-48021), to comply with section 143 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7253).

(b) **IMPLEMENTATION OF FINAL RULE FOR MILK ORDER REFORM.**—Subject to subsection (c), the final rule shall take effect, and be implemented by the Secretary of Agriculture, on the first day of the first month beginning at least 30 days after the date of the enactment of this Act.

(c) **USE OF OPTION 1A FOR PRICING CLASS I MILK.**—In lieu of the Class I price differentials specified in the final rule, the Secretary of Agriculture shall price fluid or Class I milk under the Federal milk marketing orders using the Class I price differentials identified as Option 1A “Location-Specific Differentials Analysis” in the proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802, 4809), except that the Secretary shall include the corrections and modifications to such Class I differentials made by the Secretary through April 2, 1999.

(d) **EFFECT OF PRIOR ANNOUNCEMENT OF MINIMUM PRICES.**—If the Secretary of Agriculture announces minimum prices for milk under Federal milk marketing orders pursuant to section 1000.50 of title 7, Code of Federal Regulations, before the effective date specified in subsection (b), the minimum prices so announced before that date shall be the only applicable minimum prices under Federal milk marketing orders for the month or months for which the prices have been announced.

(e) **IMPLEMENTATION OF REQUIREMENT.**—The implementation of the final rule, as modified by subsection (c), shall not be subject to any of the following:

(1) The notice and hearing requirements of section 8c(3) of the Agricultural Adjustment Act (7 U.S.C. 608c(3)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, or the notice and comment provisions of section 553 of title 5, United States Code.

(2) A referendum conducted by the Secretary of Agriculture pursuant to subsections (17) or (19) of section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937.

(3) The Statement of Policy of the Secretary of Agriculture effective July 24, 1971 (36 Fed. Reg. 13804), relating to notices of proposed rulemaking and public participation in rulemaking.

(4) Chapter 35 of title 44, United States Code (commonly known as the Paperwork Reduction Act).

(5) Any decision, restraining order, or injunction issued by a United States court before the date of the enactment of this Act.

**SEC. 2. FURTHER RULEMAKING TO DEVELOP PRICING METHODS FOR CLASS III AND CLASS IV MILK UNDER MARKETING ORDERS.**

(a) CONGRESSIONAL FINDING.—The Class III and Class IV milk pricing formulas included in the final decision for the consolidation and reform of Federal milk marketing orders, as published in the Federal Register on April 2, 1999 (64 Fed. Reg. 16025), do not adequately reflect public comment on the original proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802), and are sufficiently different from the proposed rule and any comments submitted with regard to the proposed rule that further emergency rulemaking is merited.

(b) RULEMAKING REQUIRED.—The Secretary of Agriculture shall conduct rulemaking, on the record after an opportunity for an agency hearing, to reconsider the Class III and Class IV milk pricing formulas included in the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897–48021).

(c) TIME PERIOD FOR RULEMAKING.—On December 1, 2000, the Secretary of Agriculture shall publish in the Federal Register a final decision on the Class III and Class IV milk pricing formulas. The resulting formulas shall take effect, and be implemented by the Secretary, on January 1, 2001.

(d) EFFECT OF COURT ORDER.—The actions authorized by subsections (b) and (c) are intended to ensure the timely publication and implementation of new pricing formulas for Class III and Class IV milk. In the event that the Secretary of Agriculture is enjoined or otherwise restrained by a court order from implementing a final decision within the time period specified in subsection (c), the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in subsection (c) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

(e) FAILURE TO TIMELY COMPLETE RULEMAKING.—If the Secretary of Agriculture fails to implement new Class III and Class IV milk pricing formulas within the time period required under subsection (c) (plus any additional period provided under subsection (d)), the Secretary may not assess or collect assessments from milk producers or handlers under section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, for marketing order administration and services provided under such section after the end of that period until the pricing formulas are implemented. The Secretary may not reduce the level of services provided under that section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration

and services through funds available for the Agricultural Marketing Service of the Department.

(f) IMPLEMENTATION OF REQUIREMENT.—The implementation of the final decision on new Class III and Class IV milk pricing formulas shall not be subject to congressional review under chapter 8 of title 5, United States Code.

**SEC. 3. DAIRY FORWARD PRICING PROGRAM.**

The Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, is amended by adding at the end the following new section:

**“SEC. 23. DAIRY FORWARD PRICING PILOT PROGRAM.**

“(a) PILOT PROGRAM REQUIRED.—Not later than 90 days after the date of the enactment of this section, the Secretary of Agriculture shall establish a temporary pilot program under which milk producers and cooperatives are authorized to voluntarily enter into forward price contracts with milk handlers.

“(b) MINIMUM MILK PRICE REQUIREMENTS.—Payments made by milk handlers to milk producers and cooperatives, and prices received by milk producers and cooperatives, under the forward contracts shall be deemed to satisfy—

“(1) all regulated minimum milk price requirements of paragraphs (B) and (F) of subsection (5) of section 8c; and

“(2) the requirement of paragraph (C) of such subsection regarding total payments by each handler.

“(c) MILK COVERED BY PILOT PROGRAM.—

“(1) COVERED MILK.—The pilot program shall apply only with respect to the marketing of federally regulated milk that—

“(A) is not classified as Class I milk or otherwise intended for fluid use; and

“(B) is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects interstate or foreign commerce in federally regulated milk.

“(2) RELATION TO CLASS I MILK.—To assist milk handlers in complying with the limitation in paragraph (1)(A) without having to segregate or otherwise individually track the source and disposition of milk, a milk handler may allocate milk receipts from producers, cooperatives, and other sources that are not subject to a forward contract to satisfy the handler’s obligations with regard to Class I milk usage.

“(d) DURATION.—The authority of the Secretary of Agriculture to carry out the pilot program shall terminate on December 31, 2004. No forward price contract entered into under the program may extend beyond that date.

“(e) STUDY AND REPORT ON EFFECT OF PILOT PROGRAM.—

“(1) STUDY.—The Secretary of Agriculture shall conduct a study on forward contracting between milk producers and cooperatives and milk handlers to determine the impact on milk prices paid to producers in the United States. To obtain information for the study, the Secretary may use the authorities available to the Secretary under section 8d, subject to the confidentiality requirements of subsection (2) of such section.

“(2) REPORT.—Not later than April 30, 2002, the Secretary shall submit to the Committee on Agriculture, Nutrition and Forestry of the Senate and the Committee on Agriculture of

the House of Representatives a report containing the results of the study.”.

**SEC. 4. CONTINUATION OF CONGRESSIONAL CONSENT FOR NORTH-EAST INTERSTATE DAIRY COMPACT.**

Section 147(3) of the Agricultural Market Transition Act (7 U.S.C. 7256(3)) is amended by striking “concurrent with” and all that follows through the period at the end and inserting “on September 30, 2001.”.

that owns or is affiliated with the network station a list identifying (by name in alphabetical order and street address, including county and zip code) all subscribers to which the satellite carrier makes secondary transmissions of that primary transmission under subsection (a).

“(2) SUBSEQUENT LISTS.—After the list is submitted under paragraph (1), the satellite carrier shall, on the 15th of each month, submit to the network a list identifying (by name in alphabetical order and street address, including county and zip code) any subscribers who have been added or dropped as subscribers since the last submission under this subsection.

“(3) USE OF SUBSCRIBER INFORMATION.—Subscriber information submitted by a satellite carrier under this subsection may be used only for the purposes of monitoring compliance by the satellite carrier with this section.

“(4) REQUIREMENTS OF NETWORKS.—The submission requirements of this subsection shall apply to a satellite carrier only if the network to which the submissions are to be made places on file with the Register of Copyrights a document identifying the name and address of the person to whom such submissions are to be made. The Register of Copyrights shall maintain for public inspection a file of all such documents.

“(c) NO ROYALTY FEE REQUIRED.—A satellite carrier whose secondary transmissions are subject to statutory licensing under subsection (a) shall have no royalty obligation for such secondary transmissions.

“(d) NONCOMPLIANCE WITH REPORTING AND REGULATORY REQUIREMENTS.—Notwithstanding subsection (a), the willful or repeated secondary transmission to the public by a satellite carrier into the local market of a television broadcast station of a primary transmission embodying a performance or display of a work made by that television broadcast station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided under sections 502 through 506 and 509, if the satellite carrier has not complied with the reporting requirements of subsection (b) or with the rules, regulations, and authorizations of the Federal Communications Commission concerning the carriage of television broadcast signals.

“(e) WILLFUL ALTERATIONS.—Notwithstanding subsection (a), the secondary transmission to the public by a satellite carrier into the local market of a television broadcast station of a performance or display of a work embodied in a primary transmission made by that television broadcast station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, if the content of the particular program in which the performance or display is embodied, or any commercial advertising or station announcement transmitted by the primary transmitter during, or immediately before or after, the transmission of such program, is in any way willfully altered by the satellite carrier through changes, deletions, or additions, or is combined with programming from any other broadcast signal.

“(A) no damages shall be awarded for such act of infringement if the satellite carrier took corrective action by promptly withdrawing service from the ineligible subscriber; and

“(B) any statutory damages shall not exceed \$5 for such subscriber for each month during which the violation occurred.

“(2) PATTERN OF VIOLATIONS.—If a satellite carrier engages in a willful or repeated pattern or practice of secondarily transmitting to the public a primary transmission embodying a performance or display of a work made by a television broadcast station to subscribers who do not reside in that station's local market, and are not subject to statutory licensing under section 119 or a private licensing agreement, then in addition to the remedies under paragraph (1)—

“(A) if the pattern or practice has been carried out on a substantially nationwide basis, the court—

“(i) shall order a permanent injunction barring the secondary transmission by the satellite carrier of the primary transmissions of that television broadcast station (and if such television broadcast station is a network station, all other television broadcast stations affiliated with such network); and

“(ii) may order statutory damages not exceeding \$250,000 for each 6-month period during which the pattern or practice was carried out; and

“(B) if the pattern or practice has been carried out on a local or regional basis with respect to more than one television broadcast station, the court—

“(i) shall order a permanent injunction barring the secondary transmission in that locality or region by the satellite carrier of the primary transmissions of any television broadcast station; and

“(ii) may order statutory damages not exceeding \$250,000 for each 6-month period during which the pattern or practice was carried out.

“(g) BURDEN OF PROOF.—In any action brought under subsection (f), the satellite carrier shall have the burden of proving that its secondary transmission of a primary transmission by a television broadcast station is made only to subscribers located within that station's local market or subscribers being served in compliance with section 119 or a private licensing agreement.

“(h) GEOGRAPHIC LIMITATIONS ON SECONDARY TRANSMISSIONS.—The statutory license created by this section shall apply to secondary transmissions to locations in the United States.

“(b) GOOD SIGNAL REQUIRED.—

“(1) COSTS.—A television broadcast station asserting its right to carriage under subsection (a) shall be required to bear the costs associated with delivering a good quality signal to the designated local receive facility of the satellite carrier or to another facility that is acceptable to at least one-half the stations asserting the right to carriage in the local market.

“(2) REGULATIONS.—The regulations issued under subsection (g) shall set forth the obligations necessary to carry out this subsection.

“(c) DUPLICATION NOT REQUIRED.—

“(1) COMMERCIAL STATIONS.—Notwithstanding subsection (a), a satellite carrier shall not be required to carry upon request the signal of any local commercial television broadcast station that substantially duplicates the signal of another local commercial television broadcast station which is secondarily transmitted by the satellite carrier within the same local market, or to carry upon request the signals of more than one local commercial television broadcast station in a single local market that is affiliated with a particular television network unless such stations are licensed to communities in different States.

“(2) NONCOMMERCIAL STATIONS.—The Commission shall prescribe regulations limiting the carriage requirements under subsection (a) of satellite carriers with respect to the carriage of multiple local noncommercial television broadcast stations. To the extent possible, such regulations shall provide the same degree of carriage by satellite carriers of such multiple stations as is provided by cable systems under section 615.

“(d) CHANNEL POSITIONING.—No satellite carrier shall be required to provide the signal of a local television broadcast station to subscribers in that station’s local market on any particular channel number or to provide the signals in any particular order, except that the satellite carrier shall retransmit the signal of the local television broadcast stations to subscribers in the stations’ local market on contiguous channels and provide access to such station’s signals at a nondiscriminatory price and in a nondiscriminatory manner on any navigational device, on-screen program guide, or menu.

“(e) COMPENSATION FOR CARRIAGE.—A satellite carrier shall not accept or request monetary payment or other valuable consideration in exchange either for carriage of local television broadcast stations in fulfillment of the requirements of this section or for

channel positioning rights provided to such stations under this section, except that any such station may be required to bear the costs associated with delivering a good quality signal to the local receive facility of the satellite carrier.

“(f) REMEDIES.—

“(1) COMPLAINTS BY BROADCAST STATIONS.—Whenever a local television broadcast station believes that a satellite carrier has failed to meet its obligations under subsections (b) through (e) of this section, such station shall notify the carrier, in writing, of the alleged failure and identify its reasons for believing that the satellite carrier failed to comply with such obligations. The satellite carrier shall, within 30 days after such written notification, respond in writing to such notification and comply with such obligations or state its reasons for believing that it is in compliance with such obligations. A local television broadcast station that disputes a response by a satellite carrier that it is in compliance with such obligations may obtain review of such denial or response by filing a complaint with the Commission. Such complaint shall allege the manner in which such satellite carrier has failed to meet its obligations and the basis for such allegations.

“(2) OPPORTUNITY TO RESPOND.—The Commission shall afford the satellite carrier against which a complaint is filed under paragraph (1) an opportunity to present data and arguments to establish that there has been no failure to meet its obligations under this section.

“(3) REMEDIAL ACTIONS; DISMISSAL.—Within 120 days after the date a complaint is filed under paragraph (1), the Commission shall determine whether the satellite carrier has met its obligations under subsections (b) through (e). If the Commission determines that the satellite carrier has failed to meet such obligations, the Commission shall order the satellite carrier to take appropriate remedial action. If the Commission determines that the satellite carrier has fully met the requirements of such subsections, the Commission shall dismiss the complaint.

“(g) REGULATIONS BY COMMISSION.—Within 1 year after the date of the enactment of this section, the Commission shall issue regulations implementing this section following a rulemaking proceeding. The regulations prescribed under this section shall include requirements on satellite carriers that are comparable to the requirements on cable operators under sections 614(b) (3) and (4) and 615(g) (1) and (2).

“(a) PROVISIONS RELATING TO CARRIAGE OF DISTANT SIGNALS.—

“(1) CARRIAGE PERMITTED.—

“(A) IN GENERAL.—Subject to section 119 of title 17, United States Code, any satellite carrier shall be permitted to provide the signals of no more than two network stations in a single day for each television network to any household not located within the local markets of those network stations.

“(B) ADDITIONAL SERVICE.—In addition to signals provided under subparagraph (A), any satellite carrier may also provide service under the statutory license of section 122 of title 17, United States Code, to the local market within which such household is located. The service provided under section 122 of such title may be in addition to the two signals provided under section 119 of such title.

“(2) PENALTY FOR VIOLATION.—Any satellite carrier that knowingly and willfully provides the signals of television stations to subscribers in violation of this subsection shall be liable for a forfeiture penalty under section 503 in the amount of \$50,000 for each violation or each day of a continuing violation.

“(b) EXTENSION OF NETWORK NONDUPLICATION, SYNDICATED EXCLUSIVITY, AND SPORTS BLACKOUT TO SATELLITE RETRANSMISSION.—

“(1) EXTENSION OF PROTECTIONS.—Within 45 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall commence a single rulemaking proceeding to establish regulations that—

“(A) apply network nonduplication protection (47 CFR 76.92) syndicated exclusivity protection (47 CFR 76.151), and sports blackout protection (47 CFR 76.67) to the retransmission of the signals of nationally distributed superstations by satellite carriers to subscribers; and

“(B) to the extent technically feasible and not economically prohibitive, apply sports blackout protection (47 CFR 76.67) to the retransmission of the signals of network stations by satellite carriers to subscribers.

“(2) DEADLINE FOR ACTION.—The Commission shall complete all actions necessary to prescribe regulations required by this section so that the regulations shall become effective within 1 year after such date of enactment.

## “(c) ELIGIBILITY FOR RETRANSMISSION.—

## “(1) SIGNAL STANDARD FOR SATELLITE CARRIER PURPOSES.—

For the purposes of identifying an unserved household under section 119(d)(10) of title 17, United States Code, within 1 year after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall conclude an inquiry to evaluate all possible standards and factors for determining eligibility for retransmissions of the signals of network stations, and, if appropriate—

“(A) recommend modifications to the Grade B intensity standard for analog signals set forth in section 73.683(a) of its regulations (47 CFR 73.683(a)), or recommend alternative standards or factors for purposes of determining such eligibility; and

“(B) make a further recommendation relating to an appropriate standard for digital signals.

“(2) WAIVERS.—A subscriber who is denied the retransmission of a signal of a network station under section 119 of title 17, United States Code, may request a waiver from such denial by submitting a request, through such subscriber’s satellite carrier, to the network station asserting that the retransmission is prohibited. The network station shall accept or reject a subscriber’s request for a waiver within 30 days after receipt of the request. The subscriber shall be permitted to receive such retransmission under section 119(d)(10)(B) of title 17, United States Code, if such station agrees to the waiver request and files with the satellite carrier a written waiver with respect to that subscriber allowing the subscriber to receive such retransmission. If a television network station fails to accept or reject a subscriber’s request for a waiver within the 30-day period after receipt of the request, that station shall be deemed to agree to the waiver request and have filed such written waiver.

“(3) ESTABLISHMENT OF IMPROVED PREDICTIVE MODEL REQUIRED.—Within 180 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall take all actions necessary, including any reconsideration, to develop and prescribe by rule a point-to-point predictive model for reliably and presumptively determining the ability of individual locations to receive signals in accordance with the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code. In prescribing such model, the Commission shall rely on the Individual Location Longley-Rice model set forth by the Federal Communications Commission in Docket No. 98-201 and ensure that such model takes into account terrain, building structures, and other land cover variations. The Commission shall establish procedures for the continued refinement in the application of the model by the use of additional data as it becomes available.

## “(4) OBJECTIVE VERIFICATION.—

“(A) IN GENERAL.—If a subscriber’s request for a waiver under paragraph (2) is rejected and the subscriber submits to the subscriber’s satellite carrier a request for a test verifying the subscriber’s inability to receive a signal that meets the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, the satellite carrier and the network station or stations asserting that

the retransmission is prohibited with respect to that subscriber shall select a qualified and independent person to conduct a test in accordance with section 73.686(d) of its regulations (47 CFR 73.686(d)), or any successor regulation. Such test shall be conducted within 30 days after the date the subscriber submits a request for the test. If the written findings and conclusions of a test conducted in accordance with such section (or any successor regulation) demonstrate that the subscriber does not receive a signal that meets or exceeds the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, the subscriber shall not be denied the retransmission of a signal of a network station under section 119 of title 17, United States Code.

“(B) DESIGNATION OF TESTER AND ALLOCATION OF COSTS.—If the satellite carrier and the network station or stations asserting that the retransmission is prohibited are unable to agree on such a person to conduct the test, the person shall be designated by an independent and neutral entity designated by the Commission by rule. Unless the satellite carrier and the network station or stations otherwise agree, the costs of conducting the test under this paragraph shall be borne by the satellite carrier, if the station’s signal meets or exceeds the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, or by the network station, if its signal fails to meet or exceed such standard.

“(C) AVOIDANCE OF UNDUE BURDEN.—Commission regulations prescribed under this paragraph shall seek to avoid any undue burden on any party.

**SEC. 1009. RETRANSMISSION CONSENT.**

(a) IN GENERAL.—Section 325(b) of the Communications Act of 1934 (47 U.S.C. 325(b)) is amended—

(1) by amending paragraphs (1) and (2) to read as follows:

“(b)(1) No cable system or other multichannel video programming distributor shall retransmit the signal of a broadcasting station, or any part thereof, except—

“(A) with the express authority of the originating station;

“(B) under section 614, in the case of a station electing, in accordance with this subsection, to assert the right to carriage under such section; or

“(C) under section 338, in the case of a station electing, in accordance with this subsection, to assert the right to carriage under such section.

“(2) This subsection shall not apply—

“(A) to retransmission of the signal of a noncommercial television broadcast station;

“(i) such station was a superstation on May 1, 1991;

“(ii) as of July 1, 1998, such station was retransmitted by a satellite carrier under the statutory license of section 119 of title 17, United States Code; and

“(C) until December 31, 2004, to retransmission of the signals of network stations directly to a home satellite antenna, if the subscriber receiving the signal—

“(i) is located in an area outside the local market of such stations; and

“(ii) resides in an unserved household;

“(D) to retransmission by a cable operator or other multichannel video provider, other than a satellite carrier, of the signal of a television broadcast station outside the station’s local market if such signal was obtained from a satellite carrier and—

“(i) the originating station was a superstation on May 1, 1991; and

“(ii) as of July 1, 1998, such station was retransmitted by a satellite carrier under the statutory license of section 119 of title 17, United States Code; or

“(E) during the 6-month period beginning on the date of the enactment of the Satellite Home Viewer Improvement Act

of 1999, to the retransmission of the signal of a television broadcast station within the station's local market by a satellite carrier directly to its subscribers under the statutory license of section 122 of title 17, United States Code.

For purposes of this paragraph, the terms 'satellite carrier' and 'superstation' have the meanings given those terms, respectively, in section 119(d) of title 17, United States Code, as in effect on the date of the enactment of the Cable Television Consumer Protection and Competition Act of 1992, the term 'unserved household' has the meaning given that term under section 119(d) of such title, and the term 'local market' has the meaning given that term in section 122(j) of such title.”;

(2) by adding at the end of paragraph (3) the following new subparagraph:

“(C) Within 45 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall commence a rulemaking proceeding to revise the regulations governing the exercise by television broadcast stations of the right to grant retransmission consent under this subsection, and such other regulations as are necessary to administer the limitations contained in paragraph (2). The Commission shall complete all actions necessary to prescribe such regulations within 1 year after such date of enactment. Such regulations shall—

“(i) establish election time periods that correspond with those regulations adopted under subparagraph (B) of this paragraph; and

“(ii) until January 1, 2006, prohibit a television broadcast station that provides retransmission consent from engaging in exclusive contracts for carriage or failing to negotiate in good faith, and it shall not be a failure to negotiate in good faith if the television broadcast station enters into retransmission consent agreements containing different terms and conditions, including price terms, with different multichannel video programming distributors if such different terms and conditions are based on competitive marketplace considerations.”;

(3) in paragraph (4), by adding at the end the following new sentence: “If an originating television station elects under paragraph (3)(C) to exercise its right to grant retransmission consent under this subsection with respect to a satellite carrier, section 338 shall not apply to the carriage of the signal of such station by such satellite carrier.”;

(4) in paragraph (5), by striking “614 or 615” and inserting “338, 614, or 615”; and

(b) ENFORCEMENT PROVISIONS FOR CONSENT FOR RETRANSMISSIONS.—Section 325 of the Communications Act of 1934 (47

U.S.C. 325) is amended by adding at the end the following new subsection:

“(e) ENFORCEMENT PROCEEDINGS AGAINST SATELLITE CARRIERS CONCERNING RETRANSMISSIONS OF TELEVISION BROADCAST STATIONS IN THE RESPECTIVE LOCAL MARKETS OF SUCH CARRIERS.—

“(1) COMPLAINTS BY TELEVISION BROADCAST STATIONS.—If after the expiration of the 6-month period described under subsection (b)(2)(E) a television broadcast station believes that a satellite carrier has retransmitted its signal to any person in the local market of such station in violation of subsection (b)(1), the station may file with the Commission a complaint providing—

“(A) the name, address, and call letters of the station;

“(B) the name and address of the satellite carrier;

“(C) the dates on which the alleged retransmission occurred;

“(D) the street address of at least one person in the local market of the station to whom the alleged retransmission was made;

“(E) a statement that the retransmission was not expressly authorized by the television broadcast station; and

“(F) the name and address of counsel for the station.

“(2) SERVICE OF COMPLAINTS ON SATELLITE CARRIERS.—For purposes of any proceeding under this subsection, any satellite carrier that retransmits the signal of any broadcast station shall be deemed to designate the Secretary of the Commission as its agent for service of process. A television broadcast station may serve a satellite carrier with a complaint concerning an alleged violation of subsection (b)(1) through retransmission of a station within the local market of such station by filing the original and two copies of the complaint with the Secretary of the Commission and serving a copy of the complaint on the satellite carrier by means of two commonly used overnight delivery services, each addressed to the chief executive officer of the satellite carrier at its principal place of business, and each marked ‘URGENT LITIGATION MATTER’ on the outer packaging. Service shall be deemed complete one business day after a copy of the complaint is provided to the delivery services for overnight delivery. On receipt of a complaint filed by a television broadcast station under this subsection, the Secretary of the Commission shall send the original complaint by United States mail, postage prepaid, receipt requested, addressed to the chief executive officer of the satellite carrier at its principal place of business.

“(3) ANSWERS BY SATELLITE CARRIERS.—Within five business days after the date of service, the satellite carrier shall file an answer with the Commission and shall serve the answer by a commonly used overnight delivery service and by United States mail, on the counsel designated in the complaint at the address listed for such counsel in the complaint.

“(4) DEFENSES.—

“(A) EXCLUSIVE DEFENSES.—The defenses under this paragraph are the exclusive defenses available to a satellite carrier against which a complaint under this subsection is filed.

“(B) DEFENSES.—The defenses referred to under subparagraph (A) are the defenses that—

“(i) the satellite carrier did not retransmit the television broadcast station to any person in the local market of the station during the time period specified in the complaint;

“(ii) the television broadcast station had, in a writing signed by an officer of the television broadcast station, expressly authorized the retransmission of the station by the satellite carrier to each person in the local market of the television broadcast station to which the satellite carrier made such retransmissions for the entire time period during which it is alleged that a violation of subsection (b)(1) has occurred;

“(iii) the retransmission was made after January 1, 2002, and the television broadcast station had elected to assert the right to carriage under section 338 as against the satellite carrier for the relevant period; or

“(iv) the station being retransmitted is a non-commercial television broadcast station.

“(5) COUNTING OF VIOLATIONS.—The retransmission without consent of a particular television broadcast station on a particular day to one or more persons in the local market of the station shall be considered a separate violation of subsection (b)(1).

“(6) BURDEN OF PROOF.—With respect to each alleged violation, the burden of proof shall be on a television broadcast station to establish that the satellite carrier retransmitted the station to at least one person in the local market of the station on the day in question. The burden of proof shall be on the satellite carrier with respect to all defenses other than the defense under paragraph (4)(B)(i).

“(7) PROCEDURES.—

“(A) REGULATIONS.—Within 60 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall issue procedural regulations implementing this subsection which shall supersede procedures under section 312.

“(B) DETERMINATIONS.—

“(i) IN GENERAL.—Within 45 days after the filing of a complaint, the Commission shall issue a final determination in any proceeding brought under this subsection. The Commission’s final determination shall specify the number of violations committed by the satellite carrier. The Commission shall hear witnesses only if it clearly appears, based on written filings by the parties, that there is a genuine dispute about material facts. Except as provided in the preceding sentence, the Commission may issue a final ruling based on written filings by the parties.

“(ii) DISCOVERY.—The Commission may direct the parties to exchange pertinent documents, and if necessary to take prehearing depositions, on such schedule as the Commission may approve, but only if the Commission first determines that such discovery is necessary to resolve a genuine dispute about material

facts, consistent with the obligation to make a final determination within 45 days.

“(8) RELIEF.—If the Commission determines that a satellite carrier has retransmitted the television broadcast station to at least one person in the local market of such station and has failed to meet its burden of proving one of the defenses under paragraph (4) with respect to such retransmission, the Commission shall be required to—

“(A) make a finding that the satellite carrier violated subsection (b)(1) with respect to that station; and

“(B) issue an order, within 45 days after the filing of the complaint, containing—

“(i) a cease-and-desist order directing the satellite carrier immediately to stop making any further retransmissions of the television broadcast station to any person within the local market of such station until such time as the Commission determines that the satellite carrier is in compliance with subsection (b)(1) with respect to such station;

“(ii) if the satellite carrier is found to have violated subsection (b)(1) with respect to more than two television broadcast stations, a cease-and-desist order directing the satellite carrier to stop making any further retransmission of any television broadcast station to any person within the local market of such station, until such time as the Commission, after giving notice to the station, that the satellite carrier is in compliance with subsection (b)(1) with respect to such stations; and

“(iii) an award to the complainant of that complainant’s costs and reasonable attorney’s fees.

“(9) COURT PROCEEDINGS ON ENFORCEMENT OF COMMISSION ORDER.—

“(A) IN GENERAL.—On entry by the Commission of a final order granting relief under this subsection—

“(i) a television broadcast station may apply within 30 days after such entry to the United States District Court for the Eastern District of Virginia for a final judgment enforcing all relief granted by the Commission; and

“(ii) the satellite carrier may apply within 30 days after such entry to the United States District Court for the Eastern District of Virginia for a judgment reversing the Commission’s order.

“(B) APPEAL.—The procedure for an appeal under this paragraph by the satellite carrier shall supersede any other appeal rights under Federal or State law. A United States district court shall be deemed to have personal jurisdiction over the satellite carrier if the carrier, or a company under common control with the satellite carrier, has delivered television programming by satellite to more than 30 customers in that district during the preceding 4-year period. If the United States District Court for the Eastern District of Virginia does not have personal jurisdiction over the satellite carrier, an enforcement action or appeal shall be brought in the United States District Court for the District of Columbia, which may find personal jurisdiction based

on the satellite carrier's ownership of licenses issued by the Commission. An application by a television broadcast station for an order enforcing any cease-and-desist relief granted by the Commission shall be resolved on a highly expedited schedule. No discovery may be conducted by the parties in any such proceeding. The district court shall enforce the Commission order unless the Commission record reflects manifest error and an abuse of discretion by the Commission.

“(10) CIVIL ACTION FOR STATUTORY DAMAGES.—Within 6 months after issuance of an order by the Commission under this subsection, a television broadcast station may file a civil action in any United States district court that has personal jurisdiction over the satellite carrier for an award of statutory damages for any violation that the Commission has determined to have been committed by a satellite carrier under this subsection. Such action shall not be subject to transfer under section 1404(a) of title 28, United States Code. On finding that the satellite carrier has committed one or more violations of subsection (b), the District Court shall be required to award the television broadcast station statutory damages of \$25,000 per violation, in accordance with paragraph (5), and the costs and attorney's fees incurred by the station. Such statutory damages shall be awarded only if the television broadcast station has filed a binding stipulation with the court that such station will donate the full amount in excess of \$1,000 of any statutory damage award to the United States Treasury for public purposes. Notwithstanding any other provision of law, a station shall incur no tax liability of any kind with respect to any amounts so donated. Discovery may be conducted by the parties in any proceeding under this paragraph only if and to the extent necessary to resolve a genuinely disputed issue of fact concerning one of the defenses under paragraph (4). In any such action, the defenses under paragraph (4) shall be exclusive, and the burden of proof shall be on the satellite carrier with respect to all defenses other than the defense under paragraph (4)(B)(i). A judgment under this paragraph may be enforced in any manner permissible under Federal or State law.

“(11) APPEALS.—

“(A) IN GENERAL.—The nonprevailing party before a United States district court may appeal a decision under this subsection to the United States Court of Appeals with jurisdiction over that district court. The Court of Appeals shall not issue any stay of the effectiveness of any decision granting relief against a satellite carrier unless the carrier presents clear and convincing evidence that it is highly likely to prevail on appeal and only after posting a bond for the full amount of any monetary award assessed against it and for such further amount as the Court of Appeals may believe appropriate.

“(B) APPEAL.—If the Commission denies relief in response to a complaint filed by a television broadcast station under this subsection, the television broadcast station filing the complaint may file an appeal with the United States Court of Appeals for the District of Columbia Circuit.

“(12) SUNSET.—No complaint or civil action may be filed under this subsection after December 31, 2001. This subsection shall continue to apply to any complaint or civil action filed on or before such date.”.

If any provision of section 325(b) of the Communications Act of 1934 (47 U.S.C. 325(b)), or the application of that provision to any person or circumstance, is held by a court of competent jurisdiction to violate any provision of the Constitution of the United States, then the other provisions of that section, and the application of that provision to other persons and circumstances, shall not be affected.

“(d)(1)(A) A person shall be liable in a civil action by the owner of a mark, including a personal name which is protected as a mark under this section, if, without regard to the goods or services of the parties, that person—

“(i) has a bad faith intent to profit from that mark, including a personal name which is protected as a mark under this section; and

“(ii) registers, traffics in, or uses a domain name that—

“(I) in the case of a mark that is distinctive at the time of registration of the domain name, is identical or confusingly similar to that mark;

“(II) the extent to which the domain name consists of the legal name of the person or a name that is otherwise commonly used to identify that person;

“(III) the person’s prior use, if any, of the domain name in connection with the bona fide offering of any goods or services;

“(IV) the person’s bona fide noncommercial or fair use of the mark in a site accessible under the domain name;

“(V) the person’s intent to divert consumers from the mark owner’s online location to a site accessible under the domain name that could harm the goodwill represented by the mark, either for commercial gain or with the intent to tarnish or disparage the mark, by creating a likelihood of confusion as to the source, sponsorship, affiliation, or endorsement of the site;

“(VI) the person’s offer to transfer, sell, or otherwise assign the domain name to the mark owner or any third party for financial gain without having used, or having an intent to use, the domain name in the bona fide offering of any goods or services, or the person’s prior conduct indicating a pattern of such conduct;

“(C) In any civil action involving the registration, trafficking, or use of a domain name under this paragraph, a court may order

the forfeiture or cancellation of the domain name or the transfer of the domain name to the owner of the mark.

“(2)(A) The owner of a mark may file an in rem civil action against a domain name in the judicial district in which the domain name registrar, domain name registry, or other domain name authority that registered or assigned the domain name is located if—

“(i) the domain name violates any right of the owner of a mark registered in the Patent and Trademark Office, or protected under subsection (a) or (c); and

“(ii) the court finds that the owner—

“(I) is not able to obtain in personam jurisdiction over a person who would have been a defendant in a civil action under paragraph (1); or

“(II) through due diligence was not able to find a person who would have been a defendant in a civil action under paragraph (1) by—

“(aa) sending a notice of the alleged violation and intent to proceed under this paragraph to the registrant of the domain name at the postal and e-mail address provided by the registrant to the registrar; and

“(bb) publishing notice of the action as the court may direct promptly after filing the action.

“(B) The actions under subparagraph (A)(ii) shall constitute service of process.

“(C) In an in rem action under this paragraph, a domain name shall be deemed to have its situs in the judicial district in which—

“(D)(i) The remedies in an in rem action under this paragraph shall be limited to a court order for the forfeiture or cancellation of the domain name or the transfer of the domain name to the owner of the mark. Upon receipt of written notification of a filed, stamped copy of a complaint filed by the owner of a mark in a United States district court under this paragraph, the domain name registrar, domain name registry, or other domain name authority shall—

“(I) expeditiously deposit with the court documents sufficient to establish the court’s control and authority regarding the disposition of the registration and use of the domain name to the court; and

“(II) not transfer, suspend, or otherwise modify the domain name during the pendency of the action, except upon order of the court.

“(ii) The domain name registrar or registry or other domain name authority shall not be liable for injunctive or monetary relief under this paragraph except in the case of bad faith or reckless disregard, which includes a willful failure to comply with any such court order.

“(3) The civil action established under paragraph (1) and the in rem action established under paragraph (2), and any remedy available under either such action, shall be in addition to any other civil action or remedy otherwise applicable.

“(4) The in rem jurisdiction established under paragraph (2) shall be in addition to any other jurisdiction that otherwise exists, whether in rem or in personam.”.

(b) CYBERPIRACY PROTECTIONS FOR INDIVIDUALS.—

(1) IN GENERAL.—

(A) CIVIL LIABILITY.—Any person who registers a domain name that consists of the name of another living person, or a name substantially and confusingly similar thereto, without that person’s consent, with the specific intent to profit from such name by selling the domain name for financial gain to that person or any third party, shall be liable in a civil action by such person.

(B) EXCEPTION.—A person who in good faith registers a domain name consisting of the name of another living person, or a name substantially and confusingly similar thereto, shall not be liable under this paragraph if such name is used in, affiliated with, or related to a work of authorship protected under title 17, United States Code, including a work made for hire as defined in section 101 of title 17, United States Code, and if the person registering the domain name is the copyright owner or licensee of the work, the person intends to sell the domain name in conjunction with the lawful exploitation of the work, and such registration is not prohibited by a contract between the registrant and the named person. The exception under this subparagraph shall apply only to a civil action brought under paragraph (1) and shall in no manner limit the protections afforded under the Trademark Act of 1946 (15 U.S.C. 1051 et seq.) or other provision of Federal or State law.

“(8) **UNSUCCESSFUL ASSERTION OF DEFENSE.**—If the defense under this section is pleaded by a person who is found to infringe the patent and who subsequently fails to demonstrate a reasonable basis for asserting the defense, the court shall find the case exceptional for the purpose of awarding attorney fees under section 285 of this title.

## **Subtitle E—Domestic Publication of Patent Applications Published Abroad**

### **SEC. 4501. SHORT TITLE.**

This subtitle may be cited as the “Domestic Publication of Foreign Filed Patent Applications Act of 1999”.

### **SEC. 4502. PUBLICATION.**

(a) PUBLICATION.—Section 122 of title 35, United States Code, is amended to read as follows:

#### **“§ 122. Confidential status of applications; publication of patent applications**

“(a) CONFIDENTIALITY.—Except as provided in subsection (b), applications for patents shall be kept in confidence by the Patent and Trademark Office and no information concerning the same given without authority of the applicant or owner unless necessary to carry out the provisions of an Act of Congress or in such special circumstances as may be determined by the Director.

“(b) PUBLICATION.—

“(1) IN GENERAL.—(A) Subject to paragraph (2), each application for a patent shall be published, in accordance with procedures determined by the Director, promptly after the expiration of a period of 18 months from the earliest filing date for which a benefit is sought under this title. At the request of the applicant, an application may be published earlier than the end of such 18-month period.

“(B) No information concerning published patent applications shall be made available to the public except as the Director determines.

“(C) Notwithstanding any other provision of law, a determination by the Director to release or not to release information concerning a published patent application shall be final and nonreviewable.

“(2) EXCEPTIONS.—(A) An application shall not be published if that application is—

“(i) no longer pending;

“(ii) subject to a secrecy order under section 181 of this title;

“(iii) a provisional application filed under section 111(b) of this title; or

“(iv) an application for a design patent filed under chapter 16 of this title.

“(B)(i) If an applicant makes a request upon filing, certifying that the invention disclosed in the application has not and will not be the subject of an application filed in another country, or under a multilateral international agreement, that requires publication of applications 18 months after filing, the

application shall not be published as provided in paragraph (1).

“(ii) An applicant may rescind a request made under clause (i) at any time.

“(iii) An applicant who has made a request under clause (i) but who subsequently files, in a foreign country or under a multilateral international agreement specified in clause (i), an application directed to the invention disclosed in the application filed in the Patent and Trademark Office, shall notify the Director of such filing not later than 45 days after the date of the filing of such foreign or international application. A failure of the applicant to provide such notice within the prescribed period shall result in the application being regarded as abandoned, unless it is shown to the satisfaction of the Director that the delay in submitting the notice was unintentional.

“(iv) If an applicant rescinds a request made under clause (i) or notifies the Director that an application was filed in a foreign country or under a multilateral international agreement specified in clause (i), the application shall be published in accordance with the provisions of paragraph (1) on or as soon as is practical after the date that is specified in clause (i).

“(v) If an applicant has filed applications in one or more foreign countries, directly or through a multilateral international agreement, and such foreign filed applications corresponding to an application filed in the Patent and Trademark Office or the description of the invention in such foreign filed applications is less extensive than the application or description of the invention in the application filed in the Patent and Trademark Office, the applicant may submit a redacted copy of the application filed in the Patent and Trademark Office eliminating any part or description of the invention in such application that is not also contained in any of the corresponding applications filed in a foreign country. The Director may only publish the redacted copy of the application unless the redacted copy of the application is not received within 16 months after the earliest effective filing date for which a benefit is sought under this title. The provisions of section 154(d) shall not apply to a claim if the description of the invention published in the redacted application filed under this clause with respect to the claim does not enable a person skilled in the art to make and use the subject matter of the claim.

“(c) PROTEST AND PRE-ISSUANCE OPPOSITION.—The Director shall establish appropriate procedures to ensure that no protest or other form of pre-issuance opposition to the grant of a patent on an application may be initiated after publication of the application without the express written consent of the applicant.

“(d) NATIONAL SECURITY.—No application for patent shall be published under subsection (b)(1) if the publication or disclosure of such invention would be detrimental to the national security. The Director shall establish appropriate procedures to ensure that such applications are promptly identified and the secrecy of such inventions is maintained in accordance with chapter 17 of this title.”.

“(2) The Director may consider the failure of the applicant to file a timely claim for priority as a waiver of any such claim. The Director may establish procedures, including the payment of a surcharge, to accept an unintentionally delayed claim under this section.

“(3) The Director may require a certified copy of the original foreign application, specification, and drawings upon which it is based, a translation if not in the English language, and such other information as the Director considers necessary. Any such certification shall be made by the foreign intellectual property authority in which the foreign application was filed and show the date of the application and of the filing of the specification and other papers.”.

On the Director’s initiative, and at any time, the Director may determine whether a substantial new question of patentability is raised by patents and publications.

“(b) RECORD.—A record of the Director’s determination under subsection (a) shall be placed in the official file of the patent, and a copy shall be promptly given or mailed to the owner of record of the patent and to the third-party requester, if any.

“If, in a determination made under section 312(a), the Director finds that a substantial new question of patentability affecting a claim of a patent is raised, the determination shall include an order for inter partes reexamination of the patent for resolution of the question. **“§ 314. Conduct of inter partes reexamination proceedings**

“(a) IN GENERAL.—Except as otherwise provided in this section, reexamination shall be conducted according to the procedures established for initial examination under the provisions of sections 132 and 133. “(b) RESPONSE.—(1) This subsection shall apply to any inter partes reexamination proceeding in which the order for inter partes reexamination is based upon a request by a third-party requester.

“(2) With the exception of the inter partes reexamination request, any document filed by either the patent owner or the third-party requester shall be served on the other party. In addition, the third-party requester shall receive a copy of any communication sent by the Office to the patent owner concerning the patent subject to the inter partes reexamination proceeding.

“(c) CIVIL ACTION.—A third-party requester whose request for an inter partes reexamination results in an order under section 313 is estopped from asserting at a later time, in any civil action arising in whole or in part under section 1338 of title 28, United States Code, the invalidity of any claim finally determined to be valid and patentable on any ground which the third-party requester raised or could have raised during the inter partes reexamination proceedings. This subsection does not prevent the assertion of invalidity based on newly discovered prior art unavailable to the third-party requester and the Patent and Trademark Office at the time of the inter partes reexamination proceedings.

**“§ 316. Certificate of patentability, unpatentability, and claim cancellation**

“(a) IN GENERAL.—In an inter partes reexamination proceeding under this chapter, when the time for appeal has expired or any appeal proceeding has terminated, the Director shall issue and publish a certificate canceling any claim of the patent finally determined to be unpatentable, confirming any claim of the patent determined to be patentable, and incorporating in the patent any proposed amended or new claim determined to be patentable.

“(b) AMENDED OR NEW CLAIM.—Any proposed amended or new claim determined to be patentable and incorporated into a patent following an inter partes reexamination proceeding shall have the same effect as that specified in section 252 of this title for reissued patents on the right of any person who made, purchased, or used within the United States, or imported into the United States, anything patented by such proposed amended or new claim, or who made substantial preparation therefor, prior to issuance of a certificate under the provisions of subsection (a) of this section.

**“§ 317. Inter partes reexamination prohibited**

“(a) ORDER FOR REEXAMINATION.—Notwithstanding any provision of this chapter, once an order for inter partes reexamination of a patent has been issued under section 313, neither the patent owner nor the third-party requester, if any, nor privies of either, may file a subsequent request for inter partes reexamination of the patent until an inter partes reexamination certificate is issued and published under section 316, unless authorized by the Director.

“(b) FINAL DECISION.—Once a final decision has been entered against a party in a civil action arising in whole or in part under section 1338 of title 28, United States Code, that the party has not sustained its burden of proving the invalidity of any patent claim in suit or if a final decision in an inter partes reexamination proceeding instituted by a third-party requester is favorable to the patentability of any original or proposed amended or new claim of the patent, then neither that party nor its privies may thereafter request an inter partes reexamination of any such patent claim on the basis of issues which that party or its privies raised or could have raised in such civil action or inter partes reexamination proceeding, and an inter partes reexamination requested by that party or its privies on the basis of such issues may not thereafter be maintained by the Office, notwithstanding any other provision of this chapter. This subsection does not prevent the assertion of invalidity based on newly discovered prior art unavailable to the third-party requester and the Patent and Trademark Office at the time of the inter partes reexamination proceedings.

**“§ 318. Stay of litigation**

“Once an order for inter partes reexamination of a patent has been issued under section 313, the patent owner may obtain a stay of any pending litigation which involves an issue of patentability of any claims of the patent which are the subject of the inter partes reexamination order, unless the court before which such litigation is pending determines that a stay would not serve the interests of justice.”

**SEC. 5008. LOW-POWER TELEVISION.**

(a) SHORT TITLE.—This section may be cited as the “Community Broadcasters Protection Act of 1999”.

(b) FINDINGS.—Congress finds the following:

(1) Since the creation of low-power television licenses by the Federal Communications Commission, a small number of license holders have operated their stations in a manner beneficial to the public good providing broadcasting to their communities that would not otherwise be available.

(2) These low-power broadcasters have operated their stations in a manner consistent with the programming objectives and hours of operation of full-power broadcasters providing worthwhile services to their respective communities while under severe license limitations compared to their full-power counterparts.

(3) License limitations, particularly the temporary nature of the license, have blocked many low-power broadcasters from having access to capital, and have severely hampered their ability to continue to provide quality broadcasting, programming, or improvements.

(4) The passage of the Telecommunications Act of 1996 has added to the uncertainty of the future status of these stations by the lack of specific provisions regarding the permanency of their licenses, or their treatment during the transition to high definition, digital television.

(5) It is in the public interest to promote diversity in television programming such as that currently provided by low-power television stations to foreign-language communities.

(c) PRESERVATION OF LOW-POWER COMMUNITY TELEVISION BROADCASTING.—Section 336 of the Communications Act of 1934 (47 U.S.C. 336) is amended—

(1) by redesignating subsections (f) and (g) as subsections (g) and (h), respectively; and

(2) by inserting after subsection (e) the following new subsection:

“(f) PRESERVATION OF LOW-POWER COMMUNITY TELEVISION BROADCASTING.—

“(1) CREATION OF CLASS A LICENSES.—

“(A) RULEMAKING REQUIRED.—Within 120 days after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall prescribe regulations to establish a class A television license to be available to licensees of qualifying low-power television stations. Such regulations shall provide that—

“(i) the license shall be subject to the same license terms and renewal standards as the licenses for full-power television stations except as provided in this subsection; and

“(ii) each such class A licensee shall be accorded primary status as a television broadcaster as long as the station continues to meet the requirements for a qualifying low-power station in paragraph (2).

“(B) NOTICE TO AND CERTIFICATION BY LICENSEES.—Within 30 days after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall send a notice to the licensees of all low-power television licenses that describes the requirements for class A designation. Within 60 days after such date of enactment, licensees intending to seek class A designation shall submit to the Commission a certification of eligibility based on the qualification requirements of this subsection. Absent a material deficiency, the Commission shall grant certification of eligibility to apply for class A status.

“(C) APPLICATION FOR AND AWARD OF LICENSES.—Consistent with the requirements set forth in paragraph (2)(A)

of this subsection, a licensee may submit an application for class A designation under this paragraph within 30 days after final regulations are adopted under subparagraph (A) of this paragraph. Except as provided in paragraphs (6) and (7), the Commission shall, within 30 days after receipt of an application of a licensee of a qualifying low-power television station that is acceptable for filing, award such a class A television station license to such licensee.

“(D) RESOLUTION OF TECHNICAL PROBLEMS.—The Commission shall act to preserve the service areas of low-power television licensees pending the final resolution of a class A application. If, after granting certification of eligibility for a class A license, technical problems arise requiring an engineering solution to a full-power station’s allotted parameters or channel assignment in the digital television Table of Allotments, the Commission shall make such modifications as necessary—

“(i) to ensure replication of the full-power digital television applicant’s service area, as provided for in sections 73.622 and 73.623 of the Commission’s regulations (47 CFR 73.622, 73.623); and

“(ii) to permit maximization of a full-power digital television applicant’s service area consistent with such sections 73.622 and 73.623,

if such applicant has filed an application for maximization or a notice of its intent to seek such maximization by December 31, 1999, and filed a bona fide application for maximization by May 1, 2000. Any such applicant shall comply with all applicable Commission rules regarding the construction of digital television facilities.

“(E) CHANGE APPLICATIONS.—If a station that is awarded a construction permit to maximize or significantly enhance its digital television service area, later files a change application to reduce its digital television service area, the protected contour of that station shall be reduced in accordance with such change modification.

“(2) QUALIFYING LOW-POWER TELEVISION STATIONS.—For purposes of this subsection, a station is a qualifying low-power television station if—

“(A)(i) during the 90 days preceding the date of the enactment of the Community Broadcasters Protection Act of 1999—

“(I) such station broadcast a minimum of 18 hours per day;

“(II) such station broadcast an average of at least 3 hours per week of programming that was produced within the market area served by such station, or the market area served by a group of commonly controlled low-power stations that carry common local programming produced within the market area served by such group; and

“(III) such station was in compliance with the Commission’s requirements applicable to low-power television stations; and

“(ii) from and after the date of its application for a class A license, the station is in compliance with the

Commission's operating rules for full-power television stations; or

“(B) the Commission determines that the public interest, convenience, and necessity would be served by treating the station as a qualifying low-power television station for purposes of this section, or for other reasons determined by the Commission.

“(3) COMMON OWNERSHIP.—No low-power television station authorized as of the date of the enactment of the Community Broadcasters Protection Act of 1999 shall be disqualified for a class A license based on common ownership with any other medium of mass communication.

“(4) ISSUANCE OF LICENSES FOR ADVANCED TELEVISION SERVICES TO TELEVISION TRANSLATOR STATIONS AND QUALIFYING LOW-POWER TELEVISION STATIONS.—The Commission is not required to issue any additional license for advanced television services to the licensee of a class A television station under this subsection, or to any licensee of any television translator station, but shall accept a license application for such services proposing facilities that will not cause interference to the service area of any other broadcast facility applied for, protected, permitted, or authorized on the date of filing of the advanced television application. Such new license or the original license of the applicant shall be forfeited after the end of the digital television service transition period, as determined by the Commission. A licensee of a low-power television station or television translator station may, at the option of licensee, elect to convert to the provision of advanced television services on its analog channel, but shall not be required to convert to digital operation until the end of such transition period.

“(5) NO PREEMPTION OF SECTION 337.—Nothing in this subsection preempts or otherwise affects section 337 of this Act.

“(6) INTERIM QUALIFICATION.—

“(A) STATIONS OPERATING WITHIN CERTAIN BANDWIDTH.—The Commission may not grant a class A license to a low-power television station for operation between 698 and 806 megahertz, but the Commission shall provide to low-power television stations assigned to and temporarily operating in that bandwidth the opportunity to meet the qualification requirements for a class A license. If such a qualified applicant for a class A license is assigned a channel within the core spectrum (as such term is defined in MM Docket No. 87-286, February 17, 1998), the Commission shall issue a class A license simultaneously with the assignment of such channel.

“(B) CERTAIN CHANNELS OFF-LIMITS.—The Commission may not grant under this subsection a class A license to a low-power television station operating on a channel within the core spectrum that includes any of the 175 additional channels referenced in paragraph 45 of its February 23, 1998, Memorandum Opinion and Order on Reconsideration of the Sixth Report and Order (MM Docket No. 87-268). Within 18 months after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall identify by channel, location, and applicable technical parameters those 175 channels.

“(7) NO INTERFERENCE REQUIREMENT.—The Commission may not grant a class A license, nor approve a modification of a class A license, unless the applicant or licensee shows that the class A station for which the license or modification is sought will not cause—

“(A) interference within—

“(i) the predicted Grade B contour (as of the date of the enactment of the Community Broadcasters Protection Act of 1999, or November 1, 1999, whichever is later, or as proposed in a change application filed on or before such date) of any television station transmitting in analog format; or

“(ii)(I) the digital television service areas provided in the DTV Table of Allotments; (II) the areas protected in the Commission’s digital television regulations (47 CFR 73.622 (e) and (f)); (III) the digital television service areas of stations subsequently granted by the Commission prior to the filing of a class A application; and (IV) stations seeking to maximize power under the Commission’s rules, if such station has complied with the notification requirements in paragraph (1)(D);

“(B) interference within the protected contour of any low-power television station or low-power television translator station that—

“(i) was licensed prior to the date on which the application for a class A license, or for the modification of such a license, was filed;

“(ii) was authorized by construction permit prior to such date; or

“(iii) had a pending application that was submitted prior to such date; or

“(C) interference within the protected contour of 80 miles from the geographic center of the areas listed in section 22.625(b)(1) or 90.303 of the Commission’s regulations (47 CFR 22.625(b)(1) and 90.303) for frequencies in—

“(i) the 470–512 megahertz band identified in section 22.621 or 90.303 of such regulations; or

“(ii) the 482–488 megahertz band in New York.

“(8) PRIORITY FOR DISPLACED LOW-POWER STATIONS.—Low-power stations that are displaced by an application filed under this section shall have priority over other low-power stations in the assignment of available channels.”.

## **TITLE VI—SUPERFUND RECYCLING EQUITY**

### **SEC. 6001. SUPERFUND RECYCLING EQUITY.**

(a) PURPOSES.—The purposes of this section are—

(1) to promote the reuse and recycling of scrap material in furtherance of the goals of waste minimization and natural resource conservation while protecting human health and the environment;

(2) to create greater equity in the statutory treatment of recycled versus virgin materials; and

(3) to remove the disincentives and impediments to recycling created as an unintended consequence of the 1980 Superfund liability provisions.

(b) CLARIFICATION OF LIABILITY UNDER CERCLA FOR RECYCLING TRANSACTIONS.—

(1) CLARIFICATION.—Title I of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.) is amended by adding at the end the following new section:

**“SEC. 127. RECYCLING TRANSACTIONS.**

“(a) LIABILITY CLARIFICATION.—

“(1) As provided in subsections (b), (c), (d), and (e), a person who arranged for recycling of recyclable material shall not be liable under sections 107(a)(3) and 107(a)(4) with respect to such material.

“(2) A determination whether or not any person shall be liable under section 107(a)(3) or section 107(a)(4) for any material that is not a recyclable material as that term is used in subsections (b) and (c), (d), or (e) of this section shall be made, without regard to subsections (b), (c), (d), or (e) of this section.

“(b) RECYCLABLE MATERIAL DEFINED.—For purposes of this section, the term ‘recyclable material’ means scrap paper, scrap plastic, scrap glass, scrap textiles, scrap rubber (other than whole tires), scrap metal, or spent lead-acid, spent nickel-cadmium, and other spent batteries, as well as minor amounts of material incident to or adhering to the scrap material as a result of its normal and customary use prior to becoming scrap; except that such term shall not include—

“(1) shipping containers of a capacity from 30 liters to 3,000 liters, whether intact or not, having any hazardous substance (but not metal bits and pieces or hazardous substance that form an integral part of the container) contained in or adhering thereto; or

“(2) any item of material that contained polychlorinated biphenyls at a concentration in excess of 50 parts per million or any new standard promulgated pursuant to applicable Federal laws.

“(c) TRANSACTIONS INVOLVING SCRAP PAPER, PLASTIC, GLASS, TEXTILES, OR RUBBER.—Transactions involving scrap paper, scrap plastic, scrap glass, scrap textiles, or scrap rubber (other than whole tires) shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that all of the following criteria were met at the time of the transaction:

“(1) The recyclable material met a commercial specification grade.

“(2) A market existed for the recyclable material.

“(3) A substantial portion of the recyclable material was made available for use as feedstock for the manufacture of a new saleable product.

“(4) The recyclable material could have been a replacement or substitute for a virgin raw material, or the product to be

made from the recyclable material could have been a replacement or substitute for a product made, in whole or in part, from a virgin raw material.

“(5) For transactions occurring 90 days or more after the date of enactment of this section, the person exercised reasonable care to determine that the facility where the recyclable material was handled, processed, reclaimed, or otherwise managed by another person (hereinafter in this section referred to as a ‘consuming facility’) was in compliance with substantive (not procedural or administrative) provisions of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, storage, or other management activities associated with recyclable material.

“(6) For purposes of this subsection, ‘reasonable care’ shall be determined using criteria that include (but are not limited to)—

“(A) the price paid in the recycling transaction;

“(B) the ability of the person to detect the nature of the consuming facility’s operations concerning its handling, processing, reclamation, or other management activities associated with recyclable material; and

“(C) the result of inquiries made to the appropriate Federal, State, or local environmental agency (or agencies) regarding the consuming facility’s past and current compliance with substantive (not procedural or administrative) provisions of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, storage, or other management activities associated with the recyclable material. For the purposes of this paragraph, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activity associated with the recyclable materials shall be deemed to be a substantive provision.

“(d) TRANSACTIONS INVOLVING SCRAP METAL.—

“(1) Transactions involving scrap metal shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

“(A) the person met the criteria set forth in subsection (c) with respect to the scrap metal;

“(B) the person was in compliance with any applicable regulations or standards regarding the storage, transport, management, or other activities associated with the recycling of scrap metal that the Administrator promulgates under the Solid Waste Disposal Act subsequent to the enactment of this section and with regard to transactions occurring after the effective date of such regulations or standards; and

“(C) the person did not melt the scrap metal prior to the transaction.

“(2) For purposes of paragraph (1)(C), melting of scrap metal does not include the thermal separation of 2 or more

materials due to differences in their melting points (referred to as ‘sweating’).

“(3) For purposes of this subsection, the term ‘scrap metal’ means bits and pieces of metal parts (e.g., bars, turnings, rods, sheets, wire) or metal pieces that may be combined together with bolts or soldering (e.g., radiators, scrap automobiles, railroad box cars), which when worn or superfluous can be recycled, except for scrap metals that the Administrator excludes from this definition by regulation.

“(e) TRANSACTIONS INVOLVING BATTERIES.—Transactions involving spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

“(1) the person met the criteria set forth in subsection (c) with respect to the spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries, but the person did not recover the valuable components of such batteries; and

“(2)(A) with respect to transactions involving lead-acid batteries, the person was in compliance with applicable Federal environmental regulations or standards, and any amendments thereto, regarding the storage, transport, management, or other activities associated with the recycling of spent lead-acid batteries;

“(B) with respect to transactions involving nickel-cadmium batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of spent nickel-cadmium batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto; or

“(C) with respect to transactions involving other spent batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of such batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto.

“(f) EXCLUSIONS.—

“(1) The exemptions set forth in subsections (c), (d), and (e) shall not apply if—

“(A) the person had an objectively reasonable basis to believe at the time of the recycling transaction—

“(i) that the recyclable material would not be recycled;

“(ii) that the recyclable material would be burned as fuel, or for energy recovery or incineration; or

“(iii) for transactions occurring before 90 days after the date of the enactment of this section, that the consuming facility was not in compliance with a substantive (not procedural or administrative) provision of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, or other management activities associated with the recyclable material;

“(B) the person had reason to believe that hazardous substances had been added to the recyclable material for purposes other than processing for recycling; or

“(C) the person failed to exercise reasonable care with respect to the management and handling of the recyclable material (including adhering to customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances).

“(2) For purposes of this subsection, an objectively reasonable basis for belief shall be determined using criteria that include (but are not limited to) the size of the person’s business, customary industry practices (including customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances), the price paid in the recycling transaction, and the ability of the person to detect the nature of the consuming facility’s operations concerning its handling, processing, reclamation, or other management activities associated with the recyclable material.

“(3) For purposes of this subsection, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activities associated with recyclable material shall be deemed to be a substantive provision.

“(g) EFFECT ON OTHER LIABILITY.—Nothing in this section shall be deemed to affect the liability of a person under paragraph (1) or (2) of section 107(a).

“(h) REGULATIONS.—The Administrator has the authority, under section 115, to promulgate additional regulations concerning this section.

“(i) EFFECT ON PENDING OR CONCLUDED ACTIONS.—The exemptions provided in this section shall not affect any concluded judicial or administrative action or any pending judicial action initiated by the United States prior to enactment of this section.

“(j) LIABILITY FOR ATTORNEY’S FEES FOR CERTAIN ACTIONS.—Any person who commences an action in contribution against a person who is not liable by operation of this section shall be liable to that person for all reasonable costs of defending that action, including all reasonable attorney’s and expert witness fees.

“(k) RELATIONSHIP TO LIABILITY UNDER OTHER LAWS.—Nothing in this section shall affect—

“(1) liability under any other Federal, State, or local statute or regulation promulgated pursuant to any such statute, including any requirements promulgated by the Administrator under the Solid Waste Disposal Act; or

“(2) the ability of the Administrator to promulgate regulations under any other statute, including the Solid Waste Disposal Act.

“(l) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to—

“(1) affect any defenses or liabilities of any person to whom subsection (a)(1) does not apply; or

“(2) create any presumption of liability against any person to whom subsection (a)(1) does not apply.”.
